

Join Gordon Buchanan whale watching For Immediate Release: Thursday 19th May

Mull based whale watching company Sea Life Surveys are offering the exciting opportunity to spot whales and dolphins alongside renowned wildlife cameraman Gordon Buchanan. Join Sea Life Surveys and Gordon onboard the vessel Sula Beag; spotting cetaceans and seabirds while cruising through the dramatic seascapes found off the west coast of Scotland. Gordon will be on hand to talk about the wealth of marine wildlife found in the area where he grew up.

Cruises will depart from Tobermory, Isle of Mull, on Sunday 24th and 31st July, each lasting 8 hours. Join the excitement and book now to avoid disappointment (space is limited). To book call 01688 202916. Cost is £200 per person.

10% of this cost, as requested by Gordon Buchanan, will be donated to the Hebridean Whale and Dolphin Trust (www.hwdt.org), a Tobermory based charity dedicated to enhancing the knowledge and understanding of Scotland's cetaceans and the Hebridean marine environment. The Hebridean Whale and Dolphin Trust and Sea Life Surveys have a close working relationship and have collaborated for many years. Morven Summers, HWDT's Volunteer Coordinator, says "We are delighted and very grateful that Gordon Buchanan has nominated HWDT to receive a donation. I think the experience will be unforgettable, it's unfortunate that I'll be working!"

ENDS

The Hebridean Whale and Dolphin Trust is dedicated to enhancing knowledge and understanding of Scotland's whales, dolphins and porpoises (cetaceans) and the Hebridean marine environment through education, research and working within Hebridean communities as a basis for the lasting conservation of local species and habitats.

Sea Life Surveys, established over twenty five years ago in 1982, was the first and is now the most experienced whale watching, porpoise, shark and dolphin watching, marine survey, and education programme in the UK.
