

3d Dilemma cards

1

You are out rock pooling. A friend has picked up a crab and has it in a bucket.
What do you do?

2

You find a large animal which looks like a dolphin washed up on the beach.
You are not sure if it is dead or not. What do you do?

3

You are walking on the beach with your family and come across a large piece of fishing net washed up. What do you do?

4

You are on the ferry and spot something in the water which could have been a fin. It looks like it was an animal which has now gone down. What do you do?

5

You are walking your dog on a coast path through the sand dunes by the beach. Your dog is off the lead and enjoying running around. It runs into the back of the beach and lots of birds fly up and are very noisy. They are not flying away. What do you do?

6

You are leaving the beach with friends and heading home for tea. You notice that Glen has about 10 shells and stones in his hands. What do you do?

7

The beach is quite crowded today and you are digging a giant sand sculpture. You notice the family next to you are leaving the beach, but have left some litter. What do you do?

8

You have walked to the local shop and bought 5 things. At the checkout you are offered a bag. What do you do?

9

It is the school summer holidays and its hot and sunny. You meet up with friends in the morning and are deciding what to do. You suggest going to the beach and rock pooling and having fun. They want to play computer games. What do you do?

10

You read a poster about an HWDT beach clean event this weekend. It's taking place near the next town which is too far to walk. You would like to go but you're not sure how to get there or whether it would be ok to go on your own. What do you do?

11

At 7pm tonight there is a TV programme you want to watch about whales and dolphins. It sounds really cool. You only have one TV and your big sister is watching a fashion programme which has already started. What do you do?

12

On the shore about 300m away you see a very young seal pup on the beach. You cannot see any other seals around. What do you do?
